## *Digital Freedom Initiative*

*The President's Digital Freedom Initiative (DFI) aims to harness the strengths of the U.S. public and private sectors to help the developing world utilize information and communication technologies (ICTs) to resolve development challenges. The initiative involves multiple federal agencies, the private sector, non-profit organizations and universities.*

## *DFI Public/Private Sector Roundtable*

*The DFI Public/Private Sector Roundtable will provide a forum for the USG, private, academic and NGO participants to exchange views and program ideas on how to best work together to achieve our key goal of using ICTs to aid development.*
